

## Family Support Group

### Meeting Schedule

**IMPORTANT NOTE:** Please call the number listed for the group before attending as our support groups sometimes change.

Family Support Groups are always free and open to the community. Support groups provide families and caregivers with the emotional support and education they need to better understand Alzheimer's disease and dementia. Support groups are designed for families and friends. Attendance is not recommended for persons with dementia.

Our volunteer support group facilitators receive specialized training about Alzheimer's disease and group facilitation techniques, as well as ongoing support and evaluation.

Solicitation of support group facilitators and members to promote specific products and services is not permitted.

Visit [www.alznj.org/services/family-support-groups/](http://www.alznj.org/services/family-support-groups/) for the most current Support Group Schedule.
