

# Impact Report Fiscal Year 2022

## Moving Forward Together

We are proud to have served thousands of New Jersey families with the help of our donors, community partners and volunteers – **thank you!!**

**Alzheimer's New Jersey®** is the first line of local support for the 600,000 New Jersey residents affected by Alzheimer's disease and other forms of dementia. We provide programs and community partnerships that increase awareness and access to services. Our focus is on deepening the impact of what we do to improve quality of life so New Jersey families coping with Alzheimer's and other dementias can have the best days possible.

**Our goal** as we look to the future, is to do even more! Let's **move forward together** to help New Jersey families have a better today while working for a cure and a better tomorrow.

*"It is a comfort to know there is an organization we can turn to for answers and support in caring for a loved one with Alzheimer's disease."*

-Webinar Attendee

**When Alzheimer's touches your life, we are here.**

## OUR VISION

To improve the lives of people in New Jersey who are affected by Alzheimer's disease and other dementias; offering continuous hope, and support.

## OUR MISSION

Our mission is local with all funds raised benefiting New Jersey families 100%.

"**Alzheimer's New Jersey** has helped me with caregiver resources, local resources, elder care attorney information, geriatric doctors, seminars, driving assessment centers, and the list goes on and on. **Alzheimer's New Jersey has helped my dad, and me live our best lives possible. A true miracle.**"

**Carrie**

"I am forever grateful to **Alzheimer's New Jersey** for their caring, professional staff that helped me better understand Alzheimer's disease and gave me tools to help my mom with this disease. Alzheimer's New Jersey support groups provided me with strength and courage at a very difficult time and inspired me to help others through my experiences. **I consider donating to Alzheimer's New Jersey as a way to honor my mom for all that Alzheimer's New Jersey did for her!**"

**Ginger**

"As caregivers, we are all doing the best we can, caring for our loved ones, knowing that we can depend on the good people and essential services provided by Alzheimer's New Jersey, where 100% of donations go to programs and services for New Jersey families"

**-Ellen**

"Being a caregiver to someone with dementia or Alzheimer's is not easy! It is the hardest job one can have as those that need you lose their ability to express their feelings. Caregivers must take care of themselves... Alzheimer's New Jersey is a wonderful place to start."

**-Donna**

Since 1985, **Alzheimer's New Jersey** has played a crucial role in the fight against Alzheimer's in New Jersey and continues to do so today, building upon a 35+ year legacy of being a trusted organization for Alzheimer's support.
