

# 5-STAR GETAWAY TO FONTAINEBLEAU MIAMI

Nestled along the oceanfront in the heart of Millionaire's Row, Fontainebleau Miami Beach boasts a rich historical and architectural significance on South Beach.

The setting merges the iconic Miami Modern architecture with an intuitive interpretation of it's original 1954 charm. For nearly a quarter of a century, the Miami Beach hotel achieved such prominence that signage became superfluous for identification. A magnet for celebrities and entertainers, the American Institute of Architects bestowed upon Fontainebleau the prestigious title of the Top Building in Florida.
